

Free Music Resource

Posted by Eric Matyas - 29 Sep 2015 09:01

Hi everyone,

I've got a site up with free music for films, games and other media:

soundimage.org/

It's all original music...all my own stuff. All I ask is to be credited as indicated on my homepage.

I sincerely hope my tracks are helpful. Any and all feedback is welcome and always appreciated.

All the best,

Eric

You're very welcome! Your video looks wonderful...I just wish I could understand what everyone is

saying...(English subtitles would be great.)

I'm glad some of my tracks were useful...they sound like they really fit the tone of your video. 😊

Yes indeed.

From the moment I find good music for my videos then I know that the video will be alright.
