

Back to Bukhara: Sayfullo creates damascus knife

Posted by timzett - 06 Oct 2015 07:38

A blessed occasion to try out my new PXW-X70 🍌

Interesting video with nice looking titles.

Funny the men prefer to make that type of knife in the winter. 🍌

You mean because near that fire it's hot anyway?

I also thought so at first, but still there seems to be a difference.

You know they have up to 50°C in summer, but in the winter up to minus 10 🍌
