

## How to use the "spherize" effect like in Sony Vegas?

Posted by DuhonTheGuy - 11 Sep 2019 17:16

---

I want to use the spherize effect in lightworks, like the one you can do in Sony Vegas. Anyone?

Welcome to the forum,

My Vegas no longer runs, so I can't check, but look at these in user effects:

[www.lwks.com/index.php?option=com\\_kunena&func=view&catid=7&id=188603&limit=15&limitstart=15&Itemid=81#189202](http://www.lwks.com/index.php?option=com_kunena&func=view&catid=7&id=188603&limit=15&limitstart=15&Itemid=81#189202)

EDIT [www.lwks.com/index.php?option=com\\_kunena&func=view&catid=7&id=188603&Itemid=81#188603](http://www.lwks.com/index.php?option=com_kunena&func=view&catid=7&id=188603&Itemid=81#188603)

There are other possibilities under various headings: [www.lwks.com/index.php?option=com\\_kunena&func=view&catid=7&id=188603&Itemid=81#189136](http://www.lwks.com/index.php?option=com_kunena&func=view&catid=7&id=188603&Itemid=81#189136)

Briandrys, your last two links are the same. Is that what you intended?

That's how Spherize looks in Vegas Pro 16.

I can imagine that some user effect does something similar, but I don't know which - schrauber's Regional Zoom maybe? Here you'll find a selection of 'Distortion' effects provided by Lightworks users:

[fx-planet.ovh/effects/?q=distortion&page=2](http://fx-planet.ovh/effects/?q=distortion&page=2)
