

editing space

Posted by mitsaelya - 30 Oct 2019 00:13

hi! i just wanna ask, is there anyway to fix this? i only have the v1 and i'd like to do a split for a video project and it requires v2. does anyone know how to fix this? thanks!

Right click on your timeline and in the drop down menu that appears under "Sequence commands" select Tracks > Add video.

This isn't about a bug, so I have moved it to a more appropriate forum. The "Bugs" forum is intended for just that - software bugs.
