

Please Be Wary Of Emails Requesting To Make An Advertising Video For Lightworks

Hi,

Over the last few weeks we have been contacted by a few customers enquiring whether an email they have received has originated from LWKS Software LTD.

The email is from a gmail.cz address and claims they represent Lightworks, requesting you to make an advertising video for Lightworks with a referral link to their website.

This email is in no way affiliated with LWKS Software LTD and as such should be treated extremely carefully.

Please stay safe.

Matt
